Customer Problem Statement

I am	Customer and their attributes	An employee who has to report a workplace or technical issue and raises a request through the Employee Center portal (ServiceNow).
I'm trying to	What the customer is trying to achieve	Submit my issue with accurate details, have it reach the right team, and get it resolved quickly and without hassle.
but	Problems or barriers	The process can be confusing, with several steps and unclear categories, and I don't receive timely status updates.
because	Root cause of the problems	Issue reports usually need approval, correct categorization, and routing to the right team, which can cause delays and poor visibility.
which makes me feel	Emotions caused by the problems	Frustrated, uncertain, and anxious when my issue takes too long to resolve or when I can't see its current status.

Combined Customer Problem Statement

I am an employee who has to report a workplace or technical issue. I'm trying to submit it quickly and accurately through the Employee Center portal, but the process can involve several steps, unclear categories, and trouble tracking the request, since issue details may not be standardized and updates may not be easy to see. This leaves me feeling frustrated and unsure about when my issue will be resolved.
